TECHNICAL SKILLS

Programming Languages | Python 3, JavaScript ES6+, SQL, HTML5, CSS

Front-End | DOM manipulation, React, React Hooks, Redux Toolkit

Back-End | Django 4, FastAPI, PostgreSQL, MongoDB, RabbitMQ

System Design | Microservices, Domain-driven Design

APPLICATION DEVELOPMENT EXPERIENCE

The Bench | Full-Stack Software Engineer | [GitLab](#) | React, FastAPI, Javascript, Python, PostgreSQL 2023

A social networking platform designed to have users find new gym partners.

- Implemented user authentication and authorization, utilizing JWT (JSON Web Tokens) for secure access to user-specific data and features.
- Integrated React Router to enable smooth client-side routing and navigation within the single-page application.

Trail Tales | Full-Stack Software Engineer | [GitHub](#) | HTML, CSS, Python, Django 2023

A web blog application designed to showcase software engineering expertise through curated articles.

- Developed a web blog application using HTML, CSS, and Python with a responsive and user-friendly interface, ensuring seamless and engaging user experience.
- Implemented a robust backend system using Django to manage user authentication, article management, and database integration.

Flow | Full-Stack Engineer | [GitHub](#) | HTML5, CSS, Python, Django 2023

A task manager applicator designed for project planning and tracking.

- Implemented data models and database schema using Django's Object-Relational Mapping (ORM) to efficiently store and retrieve data from relational databases, ensuring data consistency and integrity.
- Designed and implemented a user-friendly interface for creating, assigning, and tracking tasks, adding to improved project organization and productivity.

PROFESSIONAL EXPERIENCE

Te&Te Landscape | Operations Manager 2021–2023

- Developed and implemented recruitment programs and best practices ensuring effectiveness, consistency, and compliance with overall strategic planning and branding.
- Coordinated routinely with third-party vendors to ensure adherence to marketing desires, increasing customer engagement and reach.

Virginia Mason Medical Center | Medical Assistant 2020–2021

- Maintained the confidentiality of sensitive patient information and communications by managing records and documentation.
- Provided administrative support, handling a high volume of competing administrative task requests that required professional discernment on appropriate urgency to complete.
- Collaborated with medical and administrative personnel to maintain a patient-focused, engaging, and compassionate environment.

EDUCATION

Hack Reactor by Galvanize | Advanced Software Engineering Certificate 2023

University of Washington | Bachelor of Science in Biology 2019
